New in May

Publishing this Month

CCNA Official Exam Certification Library, Second Ed.
 Wendell Odom • ISBN: 1-58720-169-0 • SRP: US \$59.95

The revised edition of the No. 1 selling exam preparation product now contains 30 minutes of visual instruction from Wendell Odom. The *Library* includes the most current printings of *CCNA ICND* and *CCNA INTRO Exam Certification Guides*, First Editions. The three video labs on CD-ROM reinforce conceptual knowledge, hone configuration skills on routers and switches, and better prepare candidates for the practical portion of the CCNA® exam.

Storage Networking Protocol Fundamentals
 James Long • ISBN: 1-58705-160-5 • SRP: US \$55.00

A concise introduction to storage networking protocols. *Storage Networking Protocol Fundamentals* introduces network administrators to the requirements of storage protocols and compares and contrasts the basic functionality of Ethernet, IP, and Fibre Channel.

Advanced Host Intrusion Prevention with CSA
 Chad Sullivan, Jeff Asher and Paul Mauvais • ISBN: 1-58705-252-0 • SRP: US \$65.00

Maximize endpoint security with Cisco® Security Agent. A practical guide to getting the most out of CSA deployments, *Advanced Host Intrusion Prevention with CSA*, helps ease the fears of security administrators seeking to install and configure a host IPS through methodical explanation of the advanced CSA features and concepts.

2006**

Featured User Group: Atlanta Cisco Study Group

Started in 1998, the Atlanta Cisco Study Group brings together professionals interested in pursuing Cisco certifications. Membership is free, and there are no prerequisites for experience or knowledge pertaining to vendor products.

The group only asks that members have an intense desire to complete one or more of the vendor certifications available, and are willing to ask questions and participate in highly technical group discussions and hands-on activities.

The group offers:

- Study sessions to practice on real Cisco equipment
- E-mail lists for technical discussions about Cisco certifications and technologies
- Dedicated group leaders to help you understand certification requirements and technical issues involved in configuring and supporting the products
- The ability to have fun working with equipment where you **can't** crash a production network

Visit www.internetworkexperts.net to learn more about the user group.
